

Lumina Hi-View Case

Ideal solution for rugged mobile applications

Lumina Hi-View Flight Case

The Lumina digital Media Center PC has many functions so we have found a solution to allow you to move it to where it is required. Now you can relocate the Lumina with ease and no fear of damage.

The Lumina Hi-View Flight Case is a robust case that will house your Lumina – in fact it may never need to be removed from the case as the Lumina can be used and viewed by simply undoing a few clips and adjusting the height with the electric lift remote control.

Features

- Custom designed portable transit system developed especially for the Elonex Lumina
- Ideal for when you need a truly mobile solution
- Easy to handle and manoeuvre
- Less than 5 minutes to open, set up and be ready to use the Lumina
- For use at open days, exhibitions, field applications or around the office
- Integral electric lift ensures the Lumina operates at the optimum height
- Heavy duty flight case meets Defence standard 81.41 and ATA Cat 1 for continuous worldwide airfreight shipment
- Extremely durable high pressure resin laminate finish
- Aluminium extrusions and recessed catches and handles provide a flush exterior finish
- Non-marking easy-roll castors with brakes and swivel locks
- Includes 2 internally fitted large secure storage areas with hinged covers for accessories
